# QS University Rankings: Emerging Europe and Central Asia

The rankings are published annually by Quacquarelli Symonds (QS), a British company specializing in education and study abroad.

2017	2018	2019	2020	2021
251 - 300	251 - 300	251 - 300	251 - 300	251 - 300

The ranking is based on 9 indicators:

- Academic reputation
- Employer reputation
- Faculty/student ratio
- Papers per faculty
- International research network
- Web impact
- Staff with a PhD
- Citations per paper
- International faculty and international students

# Times Higher Education University Impact Ranking

Publication year	Ranked	Total HEIs
2019	301 - 350	467
2020	401 - 600	876

The ranking indicators are based on the Sustainable Development Goals, officially known as "Transforming our world: the 2030 agenda for sustainable development". The goals and objectives are integrated and indivisible, they characterized by balance of three sustainable development components: economic, social and environmental. The goals call for action by all countries, poor, rich and middle-income to promote prosperity while protecting the planet.

# Subject rankings of Russian universities

Subject area	2020
Agricultural industry	7

Subject rankings of Russian universities was published by LLC “RAEX-Analytika” for the first time in 2020.

The ranking was based on three indicators: the average competitive score of students enrolled in full-time education, taking into account points for individual achievements.

Bibliometric indicator is the number of publications in the subject area and their citation, according to the Web of Science Core Collection.

Reputation assessments were based on surveys conducted by RAEX Agency of two target groups – students and graduates and also representatives of the academic community.
